REFERENCE LETTER

On behalf of the AmRest Sp. z o.o., which has been operating on the market since 1993 as one of the largest restaurant operators in Europe, and a significant restaurant industry actor in China, I am pleased to provide references to summ-it® s.a., which has been on the market since 2011. The main element of the company's offer is system integration and professional data management.

Our cooperation began in 2019 with support for Oracle database systems, and then SQL Server. The successful collaboration allowed to extend the service to systems migration into a cloud and the commissioning of Microsoft Azure Cloud resources care.

The ISO 27001 and ISO 9001 certificates obtained by the company ensure the entrusted data security and the highest quality of services provided at every stage of the project implementation. The company presented high technological competences and flexibility in approaching the expected solutions. The Employees' full commitment and professionalism ensured constant support and readiness to answer any questions.

AmRest recommends summ-it® as a trusted and experienced partner appreciating full commitment, and ensuring the highest quality, which is our primary aim during cooperation. We have a number of projects ahead of us that we will implement in the near future.

IT Infrastructure Manager
